NEW FIRE ENGINE HERE

Chemical Engine of Recently Ordered
Equipment Arrived in Corpus
Yesterday Morning.

The chemical fire engine which has
been purchased several months ago from
the LaFrance fire apparatus company of
LaFrance, New York, arrived in the
city yesterday morning over the Bay
road. Fire Marshal Biggs is having
the apparatus unloaded and it will be
temporarily housed pending the comple
tion of the new fire station.

At the same time purchased
a wood hook and ladder truck and that
will be here within the next few weeks.
With these additions to the fire depart
ment, the city will be fairly well
equipped for fighting fire. One team
of horses has been purchased and an
other team will be bought when the
new quarters are ready for occupancy.

It is reported that the council will
shortly employ a number of men for
managing the fire truck and engine. The
report is that six paid firemen will be
placed on the rolls and that the same
number of men will be employed as
night call men at a nominal salary.

POLICE DEPARTMENT CHANGE

Chief Baldwin Announces Appointment
of W. M. Bentley as Mounted Of
ficer, Vice James Gibben.

Chief of Police H. C. Baldwin an
nounced yesterday morning that James
Gibben, a mounted officer, had resign
ed from the force and that W. M. Bent
ley had been named to fill the vacancy.
This is the third of the old force to re
sign since the recent shake-up in the
department. It is reported that both
of the regular force will tender an
resignation today.

Chief Baldwin announced yesterday
that Bentley would be assigned to a
foot patrol, which reduces the number
of mounted officers to three. The new
officer will cover all that section of the
city near the Bay depot and from
there as far north as the Spanish san
ctuary.

There were two more before Judge
Wright in the corporation court yester
day morning. Both were for violation
of the city sanitary ordinance.

Opposite downtown between and fourth

cost \$1.00. The dozen pieces, at the

MEETING WAS POSPONED

Absence of H. Cain from City Causes
Delay in Meeting of Street
Paving Party.

The meeting of the street paving
committee that was to have been held
yesterday afternoon was postponed un
til this afternoon at 9 o'clock. One of
the commissioners, Herman Cain, was
away from the city, hence the post
ponement. At the meeting today a sub
committee composed of Mayor, Police
Commissioner, Comptroller and Marshal,
H. Cain and Edwin Ette, will make a
report, giving data as to street paving
which was gathered on their recent
touring trip.

The 800 committee visited Houston,
Dallas, Fort Worth and Abilene and
at today's meeting they will tell of the
various methods used in the other cities.
The report is awaited with the
greatest interest. Citizens generally
are greatly interested in the paving ma
terial question that is now confronting
the city.

A Word of Greeting to the Public:
Having recently come to Corpus
Christi to become pastor of the First
Presbyterian church, I wish to express
my sincere appreciation of the many
courtesies shown me by the citizens
whom I have met in all lines of busi
ness. It is my earnest desire to serve
the whole community as well as my
individual church, and do all in my
power to build up our city in those
things which would enhance its high
est interests. Our church doors are
open at all times to the public, and an
inviter we extend a cordial hand of wel
come to all citizens. A minister's suc
cess depends upon his daily contact
with men, as well as upon his Sunday
ministrations. My phone number is
881, and if I can be of use in the city
on account of various matters please call
on me.
